

TECHNICAL EXPERTISE

- Engineering services from initial part design to final delivery
- Custom compound development
- Material Test Lab in-house
- 1000+ formulations available
- UL, NSF, USP VI, FDA, 3-A, REACH and RoHS materials
- On-Site mold design and tool shop for quick prototyping

SERVICE EXCELLENCE

- Responsive customer service
- Thousands of standard molds available
- Extensive seal inventory
- Short lead times
- On-line inventory and order status
- 99% On time delivery rating

MANUFACTURING EXPERIENCE

- ISO 9001: 2008 Certification
- Precision quality parts for over half a century
- Micro-miniature to 36" size range capability
- Specialized secondary operations
- 100% Visual Inspection
- Full lot control
- Class 10,000 (ISO 7) Clean Room

SEALING SOLUTIONS... **EXACTLY!**
